Details of Revised Transmission Capacity allocation of distribution licensees for the month of September'12

Please find herewith the revised Weighted Avg. entitlement of the Distribution Licensees for the purpose of distribution of Transmission Charges for the month of Sept,2012 .The Transmission Capacity is being due to an inadvertent error in Capacity Allcation of Maithon unit #2 (MPL) ,DVC Power wrongly book to BRPL, BYPL & NDPL instead of NDPL only @ 29.4MW inplace of 140.5MW. The same has been corrected & revised the Transmission Capacity Allocation for the month. The Revised Transmission capacity allocation to distribution licensees is posted in SLDC website also.

As above

Yours faithfully,

f/-
